

ALL LIVES SAVED WHEN HONOLULU IS DESTROYED BY FIRE

Freight Steamer West Faralone Steams 50 Miles to Rescue

(By The Associated Press)
SAN FRANCISCO, Oct. 12.—All the passengers, officers and crew of the burning Steamship City of Honolulu, which was abandoned at 10:10 a. m. today, are safe, according to wireless advice received by the Federal Freight Steamer West Faralone. The West Faralone reached the scene early this afternoon and had taken most of the people aboard by 3:41 p. m. The City of Honolulu carried 72 passengers and 145 officers and members of the crew, a total of 217. Fire broke out aboard the City of Honolulu shortly after five o'clock this morning and spread so rapidly that all those aboard had to take to small boats. The sea was like glass when the ship was abandoned. The ship was homeward bound to San Pedro, Calif., from Honolulu, and was 1,405 miles east of Honolulu and 670 miles southwest of San Pedro when the fire broke.

Captain H. R. Lesten, of the City of Honolulu reported later in the afternoon that all were aboard the West Faralone. The condition of the City of Honolulu which was reported as a gigantic pillar of flames and smoke, was described by Captain Lesten to be "catastrophic." The West Faralone lay a mile away.

Altho three other vessels, the Matson Liner Enterprise, the army transport Thomas and the private yacht Casiana, of Edward L. Doherty, Los Angeles oil magnate, heard the distress signals from the City of Honolulu before the West Faralone did, the freighter was only 50 miles away when it started to the rescue shortly before noon.

Conditions Favorable.
Conditions were favorable both for the small boats of the City of Honolulu to ride and safe for the West Faralone to make fast time and by 2:45 p. m., the rescuing steamer had reached the scene and was beginning to take the passengers aboard. All had reached the deck by 3:40 p. m., messages stated.

Less than half a dozen of the passengers were from the eastern part of the United States. A large number were from Honolulu and the rest from Los Angeles and other Southern California points while the remainder came from other parts of the Pacific Coast.

The City of Honolulu formerly was the German Passenger Liner Frederick DeGosse built at Stettin in 1896 and used in trans-Pacific travel until 1912, when she was interned in an American harbor.

When the United States entered the war the liner was renamed the Huron and used as a transport carrying troops to France. After the war the Huron was brought to San Pedro, Calif., and was reconditioned for service. The City of Honolulu and her companion ship, the City of Los Angeles, formerly the German Steamer Kronprinzessin Cecilie, recently began the first direct passenger service between Honolulu and Los Angeles. The City of Honolulu's registered tonnage is 10,688, her length 523 feet.

The army transport Thomas will take the passengers and crew of the City of Honolulu aboard and bring them to San Francisco and the Matson Liner Enterprise will continue its voyage to Honolulu according to a wireless message from the West Faralone. The Thomas is expected to reach the West Faralone tonight.

WALKS THRU GLASS; IS PAINFULLY CUT

Carl Reed of Franklin received painful cuts about the knees and other parts of his body when he accidentally walked into a plate glass in the store of the Army-Spring East State drug company. Mr. Reed entered the store hurriedly. Not being accustomed to the door being closed the impact broke the glass, injuring Mr. Reed as above stated.

BOTULISM MAY BE AVOIDED BY PROPER HEATING

This is opinion of Medical
Men After Extensive
Investigation

(By The Associated Press)
WASHINGTON, Oct. 12.—An exhaustive investigation over a period of several years by the medical schools of Harvard, the University of California and Stanford University in cooperation with the United States public health service has determined that the food poisoning known as botulism may be avoided by the proper amount of heating. It was announced today by the National Canners' association that whose request the investigation was undertaken. A report made to the association declared the research has proved "that all canned foods, whether prepared at home or in a large factory are safe if heated for the time that has been scientifically determined."

"This research work," it was stated, "has occupied thirty scientific men with a corps of helpers since the sensational botulism outbreak in 1915 but the result of the investigation of botulism is no longer a mystery for it has finally been conquered by heat."

"The only means of sterilizing canned food is by heat," it was added. "After the can is sealed the proper application of heat destroys the bacteria that grow on all fresh food."

"Sauces were formerly supposed to be the chief source of botulism, but it is now known that botulism exists everywhere in nature and that it is found in the greatest abundance in soil that has never been cultivated, especially at high altitudes. The organism becomes less abundant as soil is cultivated and is found to the least extent in soils that have been subject to intensive cultivation. Even in older cultivated regions, however, B. botulinus has not disappeared from the soil."

"From time to time assertions have been made as to the prevalence of botulism but using figures supplied by the California investigating authorities the botulism report declares:

"During the year 1920 there were more than 97,000 deaths from tuberculosis in the United States, more than 3,000 from diphtheria, over 4,000 caused by accidental poisoning by products other than foods, nearly 5,000 from drowning and over 400 persons killed by lightning. Comparing these with the average annual death rate from botulism of less than 25, the position of botulism among the causes of death becomes insignificant."

"If we accept the statement that a total of 29 outbreaks of botulism have been caused in the United States by commercially canned foods 'an average of less than three outbreaks per year, the number is still relatively small in comparison with the total pack. During recent years the annual pack of canned foods of the United States has been not far from 4,000,000,000 cans. There has therefore been less than one outbreak of botulism ascribed to commercially canned foods for every billion cans that have been packed since botulism has been recognized as a disease that might possibly be caused by canned foods."

MURDER CHARGE HAS BEEN DISMISSED

(By The Associated Press)
N. W. BRUNSWICK, N. J., Oct. 12.—The case against Clifford Hayes, who was held four days as the slayer of the Rev. Edward Wheeler Hall and Mrs. Eleanor Heinhardt Mills, blew up with a boom today and the authorities turned back in their investigation to theories that provide a more logical motive for the double crime.

The blow-up came when Raymond Schneider, Hayes' accuser, summoned Prosecutor Beekman of Somerset county to the jail at Somerset, where Schneider was held as a material witness, and repudiated his entire story of the crime.

The new turn took them back to the home of Mrs. Frances Stevens Hall, widow of the slain clergyman, and to that of James Mills, widower of the slain choir singer.

ORAL ARGUMENTS ON PETITION HEARD

Springfield, Ill., Oct. 12.—Oral arguments on the petition of Samuel A. Ettelson, city attorney of Chicago, for a writ of Mandamus to compel the Chicago Board of Local Improvements to recognize him as their attorney, were set by the Supreme court today for Tuesday, October 17. The court directed Mr. Ettelson to file a brief by Friday, October 13, and the respondents to file a brief in answer by October 17.

Members of the Ladies' Aid society of Westminster church held a meeting at the church Thursday afternoon which was well attended. Mrs. J. H. Rayill, the president of the society, was the presiding officer and a number of matters of business were given attention. It was decided to hold the annual church bazaar, December 5.

SPEAKER WOULD DRAFT ALL LABOR IN TIME OF WAR

Should be Drafted from Bankers Down to Day Laborers

(By The Associated Press)
CLEVELAND, Ohio, Oct. 11.—Drafting of all labor from banker to laborer in war time, advocated by Colonel L. H. Ruggles, of the United States ordnance department and announced by William H. Culbertson, vice-chairman of the United States tariff commission of an order by President Harding that all investigations under the flexible provisions of the tariff law for a change in rates should be filed with the commission featured tonight's sessions of the American Mining Congress.

When the drafting of labor at home is mentioned it should not be understood to apply only to manual laborers frequently referred to as "workers," Colonel Ruggles said. "It should apply to banker as well as to the laborer. Each man would be required to keep at the work assigned to him as a soldier must stay on his job."

"There would be no striking for higher wages, no absence without leave, no quitting one job to go around the block and hold up another agency for higher wages."

Colonel Ruggles is chief of the technical staff of the ordnance department which passes upon standardization plans and all new designs for ordnance. He was formerly in charge of Sandy Hook and Aberdeen proving grounds.

Mr. Culbertson said that October 7, the president had signed an order that all requests, applications or petitions for action under flexible provisions of the tariff law "shall be filed with or referred to the United States tariff commission."

He said that consideration of individual tariff rates "will undoubtedly be broadly construed" and that the powers conferred on the president by the new tariff law will lead to greater stability. Resolutions passed by the congress today included providing for a transportation committee to study freight rates in the mining industry and see whether the charges are fair and equitable as compared with charges for transportation other industries, condemning the Deonison-Blue Sky law, and all legislation "set up by individuals or commissions to pass without appeal on mining investments" the favoring legislation to safeguard the public against calling on employers to join in the movement for continuous employment harmonious relations, fair wages, reasonable profit and low price.

STATE MAY SAVE BIG SUM ON HARD ROADS

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 12.—A change in all specifications for concrete pavement in Illinois which it is declared will save the state about \$1,500 a mile was announced today by the state division of highways.

Henceforth specifications will call for pavements to be nine inches thick at the edge graduating to six inches at the center. This change was made as a result of experiments on the experimental road near Bates which disclosed that practically all breaks occurred near the edge of the pavement. None occurred near the center.

A previous change in specifications resulting from lessons learned at Bates road by which the thickness of pavements was reduced from eight to seven inches has saved the state \$1,500,000. Frank W. Sheets, superintendent of highways, stated. The new specifications during the coming year will save the state approximately \$2,000,000 it was stated. In view of these savings state officials declare the Bates road already has saved \$3,500,000 for the state.

FRANKLIN YOUNG PEOPLE WILL PRESENT COMEDY

The young people of Sacred Heart Parish in Franklin are to present a comedy, "Her Gloves" in Marquette Hall in Franklin about November 1. Rehearsals are to begin shortly and a creditable performance is anticipated. The cast will include Mr. and Mrs. Dennis Whalen, Mrs. Thomas Loneragan, Mr. and Mrs. Charles Ryan, Misses Henrietta Gruber and Irene Ryan, Morgan Ryan, Harry Walsh and William Hornmann.

A CALLER FROM MACOPIN

Henry C. Simons, well known lawyer from Virden, was in Jacksonville yesterday to accompany Mrs. Simons who came to be present at the reception given by Mrs. E. E. Crabtree. Older Illinois College men do not need to be told anything about Mr. Simons, who was at the college in the days of "Young Dick," Bryan, Rannels and "Capit" Johnson. Mr. Simons was welcomed especially yesterday by the old acquaintances he met.

New Yorkers Wade Thru Grape Juice

(By The Associated Press)
NEW YORK, Oct. 12.—Omar Khayyam, the Persian poet who disclaimed profundity by declaring that he was never deep in anything save wine, waded in shallow pools compared to pedestrians whose route of travel today lay along West street that broad, cluttered and smelly thoroughfare that bounds Manhattan's Hudson shore—the home of fruit and commission houses. A trip thru West street now is a journey along a path is a compromise between a vineyard and a battlefield. Crates and boxes piled in an endless procession along the sidewalk emit pungent odors that bewilder the pilgrim and cause him to tread unsteadily as he sloshes about in gutters—gutters that are sparkling rivulets of grape juice. In some places it's ankle deep and little urchins are running about with empty pails.

For New York at last is making its own. Spent physically and financially by patronizing the bold methods of getting a draught of high priced low quality stuff the Manhattanite who imbives is turning toward home and home brew. Estimates of commission men vary but it seems that at least twenty carloads of wine grapes, mostly from California are being unloaded here every day and are finding ready customers on West street. The softer, riper and juicier they are the quicker and larger the sale. Grape men say the turn over will be about \$500,000—the greatest in history.

Because the customers don't want the firm hard appearing fruit, the retailers keep the dripping, oozing, crimson-bespattered boxes piled along the sidewalks with the juice forming puddles. The retailers like the business because their produce cannot spoil—the nearer to natural deterioration it comes the better it is liked. Gory hands of truckmen, who stand about in what appear to be murderers' clothes wade in the air as the purchasers haggle and argue over prices. Soon a bargaining is made and the customer—mostly often a housewife—unwraps a large can and the crushed fruit is almost poured in.

FRENCH STEAMER LINE TO FIGHT LIQUOR RULING

Government May Take up
Interference with Citizens Rights

(By The Associated Press)
PARIS, Oct. 12.—The French line has decided to fight Washington ruling against carrying liquor by foreign owned liners within American territorial waters, and in the event of an adverse decision in the United States supreme court will move to obtain an appeal to the international court of justice at The Hague.

Liquor as usual up to the three mile limit was the decision the board of directors of the French line made today after two long sessions. The British lines are understood to be in perfect harmony with the French company in this matter. The first test case is likely to arise when the White Star liner Majestic which is scheduled to sail from Cherbourg October 18, reaches New York. The Steamer Homeric, cleared yesterday for Cherbourg and the French liner Lafayette sailing Saturday are within the limit set by the Washington edict.

The French government has decided to leave the question for the present entirely in the hands of the shipping companies. They will, however, make representations should the vested rights of its nationals represented by sailors and stokers aboard French owned ships and flying the French flag be deprived of their half or entire litre of wine.

M. Rivoir, minister of merchant marine is preparing the data on the subject for Premier Poincare. The latter may take up the matter with Washington regarding the French ships.

It is the opinion here that the United States government would be willing to go on record as refusing to arbitrate a matter of this sort before such a tribunal.

French line officials are absolutely appalled at the Washington reports that their ships are liable to seizure as common smugglers. They declared that outside the financial loss which would be irregular, there is the question of personal privilege and liberty on which they would be unwilling to yield.

JURY RETURNS VERDICT OF GUILTY

The jury which heard the case in Justice Opperman's court Thursday in which Thomas Cahill was charged with abusive language returned a verdict Thursday afternoon finding the defendant guilty and he was fined \$3.00 and costs.

The case resulted from a neighborhood controversy which started when a football some boys were playing with was kicked into the yard of Mrs. Miller's home where Cahill boards.

Cahill was represented by J. Marshall Miller while City Attorney Bellotti appeared for the other side. The jury was composed of R. A. Mutch, J. N. Stevenson, William Cuddy, C. W. Armstrong, C. H. Fanning, and B. C. Lair.

EARLY MEETING IS BEING URGED BY HARRINGTON

Will Object to Conference at Constantinople or Smyrna

(By The Associated Press)
CONSTANTINOPLE, Oct. 12.—Lieutenant General Sir Charles Harington, the British commander-in-chief here, will press the allied powers for an early convening of the peace conference which he believes will be the most important council of world powers since Versailles. It is expected that the deliberations will require from two to three months at least as the questions for decision are of the widest importance including the vital interests of all Europe and will likely involve many matters entirely outside the Near East.

The allied authorities here will oppose the selection of Smyrna or Constantinople for the meeting of the conference, Major General Sir Rice discussing this subject today said.

"It is imperative that a neutral city be chosen," he said. "Smyrna and Constantinople are impossible on account of the atmosphere of hostilities, intrigue and racial and religious animosities, which would surround the delegates."

Interests of America

American interests in the arrangements for continuation of commercial agreements and the so-called capitulations as well as protection of the Christian minorities and the right of religious and educational missionaries to carry on their work. The United States occupies a predominant position through the Near East in all educational, humanitarian, missionary and relief activities and the security of these institutions with their property investments of more than ten million dollars must be guaranteed.

Perhaps the most important question before the conference will be that of capitulations, which are treaties covering the rights of foreigners in Turkey and providing for their government under the laws of their own country instead of the Turkish laws, and trial by their own consular courts instead of by Turkish tribunals.

"Our delegates will demand abolition of the capitulations," said Hamid Bey, the Kemal representative today. "They are humiliating and opposed to the best interests of our people. Foreigners thereby occupy a preferential position and enjoy privileges denied to the Turks."

The American government will oppose this claim. The American Consul General Gabriel Ravndal, explained today the real reason for the capitulations is that the Turks have not yet secured law and religion in their courts and government and asserted that Christian nations could not permit their citizens to be ruled under laws based largely on the religious doctrines and rites of Mohammed.

ENTERTAINED LADIES MISSIONARY SOCIETY

Mrs. F. M. Roberts entertained the Ladies' Missionary Society Wednesday afternoon in a most charming manner. Seventeen members answered to roll call and one guest was present. The president, Mrs. F. M. Roberts, conducted the business period after which the leader, Mrs. Mari Hatches, took charge of the program. Miss Ruth Hatches favored the society with a piano solo which was well received. A song, entitled "India, and India," was sung by Mrs. Funk and Miss Hatches, which was in keeping with the subject for the afternoon, which was "India." Several leaflets were read which proved to be most interesting.

After the program the hostess, assisted by Mrs. William Brown, served delicious refreshments.

WEINER ROAST AT CONGREGATIONAL CHURCH

The membership of the Congregational church enjoyed a weiner roast at the church Thursday evening. It was the intention to have this social event at Nichols park but the cold weather resulted in a change of plans. Members of the church and their friends were present in large numbers and the occasion was one that all greatly enjoyed. Weiners and other good things suited to such an occasion were served.

ANOTHER OPERATOR TELLS ABOUT THE MAY WHEAT SQUEEZE

Arthur Cutten Appears Before Federal Trade Commission

(By The Associated Press)
CHICAGO, Oct. 12.—Arthur Cutten, known as one of the largest operators on the Chicago board of trade, appeared before the federal trade commission today to testify regarding the "squeeze" in wheat last May when the price, after a spectacular rise, broke from \$1.46 to \$1.16 during the last 12 days of the month.

This decrease, ascribed at the time to a gigantic contest between eastern interests seeking to "corner" the market and an equally powerful group of western "bears" drew the attention of the United States senate and resulted in the resolution which initiated the present investigation by the trade commission. The break in May wheat which resulted in millions of dollars loss for the "long" interests came after the board of trade had ruled that car lot deliveries were legal on May contracts where ordinarily it is necessary to make delivery at an elevator.

The rule was defended at the time on the ground that the elevators were filled and that it was impossible to make deliveries in the ordinary way.

Mr. Cutten in his testimony today asserted that the car delivery rule demoralized the market and was the immediate cause of the drop in May wheat.

He contended that the holders of the wheat were forced to sell when the railroad demurrage charge became too heavy. He said that he held from 2,000,000 to 3,000,000 bushels of May wheat at the time.

Victor Murdock, acting chairman of the commission, asked Mr. Cutten where the car lot rule had affected the farmer deleteriously in that it brought down the price of wheat.

Mr. Cutten expressed the belief that it had also expressed the opinion that certain parties whom he did not name had caused the rule to be invoked to benefit the elevator interests.

MAC NIDER OPPOSES SECOND TERM

(By The Associated Press)
NEW ORLEANS, La., Oct. 12.—Hanford MacNider, national commander of the American Legion tonight declared that under no circumstances would he be a candidate to succeed himself as national commander and that he would "bitterly oppose" any proposal to change the national constitution of the Legion which would make possible second term for a national head of the Legion.

"I would regard such an action by the Legion as a tragic mistake," Mr. MacNider said in a statement to the Associated Press. It is understood that delegations from Missouri and Massachusetts favor the candidacy of William Egan, state commander from New York, for head of the Legion and believe a middle west block of votes will carry him thru.

Outstanding among other legionnaires whose names are being discussed for national commander are Col. A. A. Sprague, of Chicago; Alvin M. Osley of Texas, chairman of the Legion's committee on Americanization; Joseph Thompson of Pennsylvania, and T. S. Walsley of New Orleans.

Colonel Sprague was one of Major General Leonard Wood's campaign managers during the last Republican campaign prior to the national convention, and has been active in legion "service work" in behalf of wounded and disabled veterans.

BREWSTER ISSUES CHALLENGE TO REED

Hannibal, Mo., Oct. 12.—Challenging his Democratic opponent, Senator James A. Reed to state his position on the 18th amendment and revision of the Volstead act, R. B. Brewster, Republican candidate for United States senator told an audience here last night that he did not want the support of anyone who expected him to vote to repeal or nullify the prohibition amendment.

IS NOW ASSISTANT MANAGING OFFICER

Dr. Thomas G. McLin is now filling the position of Assistant Managing Officer at Jacksonville State Hospital, having been appointed to this post recently. Dr. McLin has been acting in the capacity since March 1, at which time Dr. I. F. Fremmel left the hospital to engage in private practice.

Dr. McLin has been at the hospital for the past nine years with the exception of one year spent in the army service. Prior to coming here he had three years' state hospital work in Peoria.

HERE FROM MICHIGAN

Mrs. Donald Joy is here from Flint, Mich., for a brief visit with her mother, Mrs. Thomas Waggoner, and with Mrs. R. F. Joy, and will return to that city in the course of a few days. Mr. Joy now has a responsible position there in the Buick plant and he and his wife are greatly pleased with their Michigan home.

BELIEVE QUESTION WILL SPEEDILY BE BROUGHT TO COURT

Judge's Action Will Bring Liquor Ban on Ships to Focus

(By The Associated Press)
WASHINGTON, Oct. 12.—Justice by Federal Judge Hand, in New York, of a temporary order restraining prohibition and customs agents from enforcing the liquor ban against vessels of the American line was accepted today in government circles as effectively bringing before the courts the question of the authority of the government in this respect.

The failure of counsel for the British owned Cunard and Anchor lines to obtain a similar order was expected to lead to a renewal of their petition either in New York or some other federal jurisdictional district with a more detailed showing of the damages which they alleged would result from operation of Attorney General Daugherty's interpretation of the liquor statutes.

Promulgation of regulations by Secretary Mellon to carry out the terms of the liquor ruling was expected to be automatically postponed by the effect of Judge Hand's action.

The initial draft of these regulations was laid before Secretary Mellon today but it was indicated that several material changes, were in his opinion desirable before it could be officially approved and distributed to enforcement agents.

Another phase under discussion was whether foreign vessels convicted of violation of the "transportation section" of the Volstead act would be amenable to the forfeiture; penalty imposed by that section. Attorney General Daugherty ruled formally that in such cases the speech, whether a palatial liner or a coastal tramp would be liable to seizure and sale by the government. Secretary Mellon however, indicated—that such—transport measures will not be required effectively to achieve the purpose of the law and give the impression that the penalties imposed at the time at least would be confined to seizure of the illicit cargoes and imposition of fines.

Reports from Paris that French and British shipping interests were preparing to test the validity of the liquor on ships ruling were welcomed at the department of justice as offering additional hope of a speedy determination of the issue in the case the Cunard line's suit should prove technically defective.

Officials here were under the impression that the real court fight, would be made upon the question of whether the Volstead act infringed upon the rights of friendly nations and if so whether or not the of congress which had such effect was constitutional.

In order to remove as far as possible the discrimination operating against American ships as a result of the extension to October 14, of the ban against entrance into American waters of foreign liquor carriers, Secretary Mellon issued instructions today that ships which have voluntary surrendered their liquor stocks but which are scheduled to sail on or before Saturday would be allowed to regain such stores. Sales will be permitted however, on American vessels anywhere or on foreign ships within American territorial waters subsequent to the reporting of the last ship which cleared on October 14. American ships now in foreign waters which gave up their beverage stocks "will be allowed to recover and take them into foreign ports," Mr. Mellon announced.

A THOUGHT

They that know thy name will put their trust in thee; for thou Lord, hast not forsaken them, that seek thee.—Psalm 9:10.

Be strong! We are not here to play, to dream to drift. We have hard work to do and loads to lift. Shun not the struggle; face it. 'Tis God's gift.

Be strong! It matters not how deep entrenched the wrong, How hard the battles goes, the day how long, Faint not, fight on! Tomorrow comes the song. Maltbie D. Babcock.

President Harding has used his customary discretion in the se-

lection of men for membership in the new fuel commission. The character and standing of the commission, headed by such men as Hayes Hammond, will command the respect of the people in their findings.

Rock Island in its series of murders is reaping from the seed sown. For a long period lawlessness has been rampant in Rock Island and vicious influences have been at work to the detriment of law and order. Such conditions cannot be permitted to continue with out developing into just the happenings that have recently disgraced the Illinois city.

Statistics show that automobiles are now being manufactured and sold in the U. S. to the number of more than 2,000,000 a year. This fact is especially significant when one remembers that all this great development of business has come to pass in twenty years' time. No one can visualize fully what even the next decade holds.

Uncle Joe Cannon, veteran congressman and one of the most beloved men in official Washington, now retiring from office, is being urged to write his recollections in book form. Congressman Cannon has been a unique figure in the political life of the country, and his picturesque personality and language have enlivened sessions of the House of Representatives. Recollections from his pen would find millions of interested readers.

The best bit of advertising that Jacksonville has had in many a

day was found in the recent complimentary paragraphs by Will Irwin in the Saturday Evening Post. This famous writer declared Jacksonville the most beautiful city in the central western states, this being his opinion after making a visit here as an automobile tourist.

Jacksonville business men are already receiving comments from persons in other cities on the Irwin statement. There is a chance by the further use of this complimentary to gain still more valuable publicity for Jacksonville. The chamber of commerce directors wisely purpose to work out some plan for making the most of the Irwin compliments.

ROGERS AND MOORE.

(Springfield Journal.) In making their primary selections, Republican voters of the forty-fifth senatorial district nominated for members of the lower house, Rev. E. B. Rogers of Springfield and S. E. Moore of Williamsville. The selections were made by a decisive vote.

Both candidates are men of ability and integrity. They are representative of the substantial reliable elements of the district. They belong to the type of men who do the worth-while things in life. They have the confidence of those among whom they have lived.

Rev. E. B. Rogers is a minister of distinction, a brilliant orator and a forceful writer. He is, too, a man of good practical judgment. He has not permitted his calling to isolate him from the every day life of the community. He is honored as a good citizen, as well as a good preacher.

Sam Moore, for years a member of the county board of supervisors, representing one of the rich agricultural sections of the county, has had the right sort of experience for legislative service. The constituents of the district, so largely engaged in husbandry, are entitled to representation such as will be afforded them by the election of Moore. Nor will the cities be the losers through the presence in the house of a man of Mr. Moore's high character and experience.

Both of these candidates should be elected to the legislature from this district. The assembly needs such men, and they stand for both the majority political sentiment and the economic good of the commonwealth.

HE LIFTS A TON.

A phenomenally strong man is discovered working in a steel mill at Youngstown, Ohio. He is Gus Lessie, 22, a Greek. Gus first attracts attention by absent-mindedly picking up a one-ton steel beam and carrying it up a flight of stairs. This, of course, nearly shuts down the mill. Crowds gather about Gus. He entertains them by bending an iron bar, three-quarters of an inch in diameter around his neck like a cork screw, then unwinding it. Barnum once said: "If you have anything worth showing get it under canvas." So Gus takes the road and charges admission. Without straining himself, Gus

Go Ahead

BY BERTON BRALEY

("Shall I sing you a commonplace song?"—From a poem.)

YES, sing us a commonplace song
Of life as it ambles along,
A song that will carry
A jingling refrain
That Tom, Dick and Harry
And Mary and Jane
Can whistle and hum as they work and they play,
From commonplace day unto commonplace day,
A song for the plodding and hardworking throng,
Sing us a commonplace song!

SING us a commonplace song,
A tune that is hard to get wrong,
Some sort of a ditty
With power to charm
The folks of the city
And those on the farm;
A commonplace ballad that somehow contrives
To bring some romance into commonplace lives,
To gladden the hearts of the weak or the strong,
Sing us a commonplace song.

YES, sing us a commonplace song,
Which just sort of ripples along,
With doggerel meter
And notes that are few,
But which makes life sweeter
For me and for you—
A tinkly and lightsome and lyrical lay
To chase all our worries and troubles away,
And if you can sing such a thing to the throng,
It won't be a commonplace song!

could pick up a ton of coal, wagon and all. You wonder what he looks like?

Well, he weighs only 185. Compared with size, he is a weakling alongside an ant.

Nevertheless, he is one of the strongest men in the world.

His strength was not acquired in gymnastics. He says he inherited it. That, however, is only partly correct. When a human body weighing 185 pounds easily lifts 13 times its weight, a good part of that strength is in the will power.

You have had this experience: You try to lift a heavy weight, strain every muscle into action, but cannot budge it.

That makes you mad. Anger arouses power. You lift again. The weight rises clear of the ground.

Muscles are like the wires that carry electric current. The real power is in the mind. It is will power. A weakling suddenly gone insane, could literally tie Gus Lessie in a knot. In asylums, four or more powerful men frequently are required to subdue a frail woman in a maniacal frenzy. Weak muscles, strong will power.

Whether lifting weights, accomplishing hard tasks or conquering obstacles, will power is your greatest force. It lies dormant in most brains, a sleeping giant waiting to be roused.

Confidence alone can rouse it. That's why confidence in self is the skeleton key that opens the doors of success. Also why the

CLINICAL ASSOCIATION HELD CLINIC THURSDAY

Officers For Ensuing Year Were Elected Following Luncheon—Dr. C. E. Black is Named President.

The Jacksonville Clinical Association held a clinic yesterday at Our Savior's hospital. The clinical program in the morning was carried out according to the outline published the early part of the week. There were about 25 doctors present at the clinic and a large number of cases were given attention.

At noon the members of the association met for luncheon at the Peacock Inn with the members of the Kiwanis club. Following the luncheon hour a report of the officers was given and an election of officers for the coming year was held. Dr. Carl E. Black was re-elected president of the organization, Dr. A. L. Adams, vice president, and Dr. T. G. McLin re-elected secretary and treasurer.

At the afternoon session the general health proposition was presented by Dr. R. V. Brokaw, county health officer, and the association went on record as endorsing the program and offering its assistance in bettering the condition of the health of school children.

This was the first annual meeting held by the Clinical association, and reports made indicate that ten all day clinics have been held during the year. They were all quite regularly attended by the members of the medical pro-

fession of the city, with an average attendance of eight or nine physicians from outside the city. The Morgan County Medical Society met last evening at the public library and the different members of the society made reports of cases. Among the out of town medical men in the city yesterday for the clinic were: Dr. C. H. Billings, and Dr. Knox of White

Hall and Dr. J. W. Eckman of Winchester.

Dr. J. M. Swope, Mr. and Mrs. E. H. Virgin and son Robert were among Arendville residents who called in Jacksonville yesterday.

Mrs. Charles Anderson of Winchester was listed among city shoppers yesterday.

GETS AT FACTS ABOUT RETAIL COAL COSTS

White Hall Dealer Gives Figures to Congressman Shaw.

White Hall, Oct. 12.—While in White Hall recently, Congressman Guy L. Shaw made a sortie into the coal situation to ascertain facts from the standpoint of the dealer that will be valuable in enabling him to sum up the cause of the present retail price of coal. It is only necessary to cite one instance of his investigation, and that pertains to one company. During last February this firm paid \$4.05 per ton at the mine, and in the following month of March the price per ton dropped to \$3.65 per ton at the mine. Now the price per ton at the mine was shown to be \$5.50 per ton, and the dealer took occasion to pay his respects to the exactions of the coal operator that places them in a class among the most flagrant profiteers. Here is the story in figures: per ton of coal at present prices with wages the same as before the strike:

Price per ton at mine	\$5.50
Freight	1.62
Unloading, per ton	.15
Shrinkage (theft)	.25
Delivery, per ton	.75

Total per ton \$8.27

Here is the price per ton laid down at the door of the domestic consumer in White Hall and local dealers charge only \$8.50 per ton. It is plain that the local dealer is not making a profit at the present price per ton, but it does show that since last March the operator have in combination saddled an additional \$1.45 per ton on the price at the mine that the consumer is compelled to pay if he is to have any coal at all this winter. The fact-finding commission in a national way will find this to be an important bit of information when the points gleaned by Congressman Shaw are presented to them.

RELATIVE IS SERIOUSLY INJURED

Mr. and Mrs. Thomas Strugis of this city were called to Springfield yesterday by news of the serious injury to Mr. Strugis' brother, James Strugis, who was a victim of an automobile accident Wednesday at Taylorville. The injured man lives at Litchfield. Particulars of the accident were lacking. It is known, however, that the injured man is suffering from a broken shoulder and a possible skull fracture. He was removed to a Springfield hospital.

BIG CROWD ATTENDS WINCHESTER RACES

First Day of Livestock Show and Races Proved Great Success Both in Interest and Attendance—Other Items From Winchester Neighborhood.

Winchester, Oct. 12.—A large crowd was in attendance the first day of the Scott county livestock show and races Wednesday, held at the ball park. There were large numbers present during the morning hours and in the afternoon this crowd was augmented by still others from various points within and beyond the limits of Scott county.

There was an exceptionally fine display of livestock and it is expected that still more will be on exhibition Friday. Geo. J. Peak had his string of roadsters on display, these prize winners attracting a great deal of attention. The pig club sale will be held at 12 o'clock Friday. Lunch was served Thursday by the American Legion and the same will be true today.

The program was carried out as previously announced with the exception of the pony races. These were called off because of the fear on the part of the management that accidents might happen owing to the large crowd and the fact that the track was strange to most of the ponies.

The weather was almost ideal for such an event and the day was a huge success in every respect. The racing program for the day appears below:

Racing Program
Much interest was shown in the racing program in the afternoon and the events were highly contested. Visiting horsemen were delighted with the treatment received at the hands of those in charge of the show.

All those entering horses from other places were given two bales of straw, free stalls and paid no entrance fees and divided all the money. If that is not fair enough we would like to know, what is, as one horseman expressed it.

The following races were run off yesterday afternoon:

2:17 trot, half mile heats—Douglas Pennel, owned by Geo. Peak, Winchester; Edna Mayo, owned by Harry Way Ashland, second; Jerry King, owned by George Peak, Winchester, third. Best time 1:08 1-4.

Special pace, half mile heats—Princess Golden, owned by Middendorf, Winchester, won; Teddy Dillon, owned by Elliott, Winchester, second; Blanca, owned by Moore, Winchester, third; Sidmont, owned by Cox, Winchester, fourth. Best time 1:14 3-4.

2:50 trot, half mile heats—Axybetta, owned by Kirkpatrick, Winchester, won; Nellie McGregor, owned by Coulson, Winchester, second; Holly Road Bond, owned by Teaney, Franklin, third; Gwendolyn Patch, owned by Woods, Franklin, fourth. Best time 1:13 1-4.

The card of races has been changed somewhat from that originally announced. The card for today contains the 2:14 pace; 2:25 pace and 2:40 pace. All of the races are half mile heats, three in five.

Local race followers will be interested in the events today because of the entry of local horses. Dr. J. W. Sperry expects to take his stallion More down for the 2:14 pace, using a truck to ship him.

Clark Green will also drive his horses Trelston and Lena Lou in the races this afternoon. With good weather conditions there will no doubt be a large number from here attend the races.

News Notes
Mr. and Mrs. W. C. Kuechler have returned home from Astoria where they have been visiting relatives.

Grant Mader and son Howard were business visitors in Jacksonville Thursday.

Thomas Kirkman has been kept from his duties at the Kuechler store the past few days on account of illness.

Mrs. M. L. McDonough was a visitor in Jacksonville Thursday.

TWO MURRAYVILLE SCHOOL BOYS INJURED

Spencer Wagstaff Injured By Fall
From Horse Near West Greasy
School—David Million Struck
By Auto.

Murrayville, Oct. 12—Spencer Wagstaff met with a painful accident Thursday in the West Greasy neighborhood south of Murrayville. He is a pupil at the West Greasy school and had gone to the home of William Hills near by for drinking water for the school. He was riding a horse and the saddle turned and threw him off, the horse stepping upon him.

The injured boy was taken to his home and later was reported to be suffering a great deal of pain. The full extent of his injuries has not been determined. David Million, son of Clinton Million of Murrayville, was struck by an auto Thursday afternoon driven by a Mr. Walker of Manchester. The boy was considerably bruised and shaken up by the accident but was not seriously injured. He was playing ball with a number of other boys when the accident occurred.

Mr. and Mrs. Joe Doyle of Carrollton motored to Jacksonville yesterday and spent the day.

LITERBERRY BAPTIST AID SOCIETY MEETS

The regular meeting of the Ladies' Aid society of the Literberry Baptist church was held Thursday afternoon at the home of Mrs. John Hunter near Literberry. The members were present in goodly numbers and there were also several guests. The program included several piano numbers by Mrs. Durrell Crum and a paper on "Autumn" by Mrs. Earl Rexford.

At the business session plans were made for the annual homecoming of the church, which is to be held this year on the second Sunday in November. The committee in charge of arrangements includes Mrs. Al Dunlap, Mrs. William Brown and Mrs. J. A. Liter. Plans were also discussed for the annual open meeting which is to be held on Oct. 26. The next regular meeting of the aid society will be on Thursday, Nov. 2 at the home of Mrs. Clarence Thompson in Arcadia.

A social hour and the serving of delicious refreshments by the hostess brought the afternoon to a close. Among the guests present were Mrs. Vol Sevier, Mrs. Walter Wheeler, Mrs. John Samples, Mrs. Albert Hopper, Mrs. Grady.

Frank Virgin was a business caller in the city yesterday from Virginia.

PUBLICITY SOUGHT FOR JACKSONVILLE

Special Committee Will be Named
by Chamber of Commerce—
Directors Held Regular Meet-

The appointment of a publicity committee was authorized at a meeting of the directors of the Chamber of Commerce, held Thursday night with President R. Y. Rowe presiding. The particular purpose of this committee is to disseminate facts about Jacksonville, particularly for the benefit of tourists. Some cities issue pamphlets for general distribution and others secure their publicity thru the liberal use of signboards. The local committee is expected to canvass the whole situation and decide upon the best method of publicity.

There was nearly a 100 percent attendance of directors Thursday night and reports were made for the industrial and good roads committees. The general facts submitted have already been made public. Mr. Welch told of a visit of Mayor Crabtree and himself to the offices of the Brown Shoe Co. of St. Louis Wednesday. Other cities in addition to Jacksonville are being considered for the location of the company's plant, and a decision has not yet been reached.

The question of a special automobile day was referred to the commercial division for further consideration.

Henry Frisch as chairman of the hotel committee, reported the progress that has been made in the organization of a company to provide a new hotel building. It is the intention to take up the matter in a very vigorous way in the course of a few weeks, and Mr. Frisch indicated that there is no question but that the co-operative effort of business men will make the new hotel an actuality.

TRAFFIC COMMITTEE TO MEET

The traffic committee appointed by the chamber of commerce directors in compliance with the expressed wish of the city council, will meet next Tuesday evening at the chamber of commerce rooms. At that time general facts for the committee's work will be outlined.

MURRAYVILLE BOY SCOUTS WIN GAME

Defeated Manchester High School
Team By Score of 21 to 11
Wednesday Evening at Man-

Murrayville, Oct. 12—The Murrayville Boy Scout basketball team played the Manchester high school team Wednesday evening at Manchester, the game resulting in victory for the Murrayville boys by a score of 21 to 11. The game was fast and well played on the part of the Murrayville team, which was out for revenge as they were defeated by the Manchester boys last Wednesday night by a score of 21 to 17.

Boosecker, Myers and Wood were good on the offense, while the Manchester forwards pounded hard to get thru Durham and Cooper. Wright of Murrayville was the referee. Gilmore, Hart and Carter were the stars for Manchester.

The lineup and score follows:

GREAT PAPER MILL AT THREE RIVERS

Newspaper Men Made Expedition to Canadian Plant as Guests of International Paper Company.

Some of the customers of the International Paper company in Illinois and adjoining states were recent guests of the company on an expedition into Canada. The objective point was the International Paper company's new mill at Three Rivers, Quebec. This mill has been in process of construction for more than two years past and while not yet completed, has been producing paper for a number of months past.

The newspaper publishers in this party left Chicago in two Pullman cars over the Michigan Central and travel in Canada was over the Canadian Pacific lines. J. L. Pearing, western sales agent for the International company, was the host and had as his associates in this role several representatives of his company.

George L. Riggs
Republican Candidate for

County Clerk

Courteous and efficient service will continue in the clerk's office if he is re-elected.

While the purpose of the expedition was to give the newspaper men some first hand information about the manufacture of paper, the opportunity was given of seeing a number of the historic spots in Canadian country, and social features were not lacking. The night prior to the inspection of the mill a dinner was given at the Ritz Carlton hotel in Montreal when Chester Lyman, vice president of the International Paper company made an informal address, explaining some of the general facts about the business of the company and the ideals of service. His address was supplemented with moving pictures to permit the newspaper men to further visualize the processes by which logs from the great forests of the north are converted into news print.

The plant at Three Rivers, a city located about 100 miles east of Montreal, is said to be the last word in paper production. The mill and the timber rights cost the company something more than \$10,000,000 and as indicated, the full task of construction is not yet complete and the plans call for the expenditure of about \$1,000,000 more.

The Whole Process. Some of the twenty-five or more mills owned by this great corporation produce pulp only and others make paper from the pulp. At the Three Rivers plant the whole process of manufacture is carried on. The newspaper men therefore had opportunity to observe the various processes as the logs floated down the St. Lawrence river, were turned into the great maw of the mill and in the course of a few hours made into the finished product of paper, wound into great rolls.

The Three Rivers mill has a capacity of about 350 tons of paper per day. This production of course requires a great amount of ground wood pulp. In the manufacturing process ground wood pulp is mixed with sulphate pulp, which means wood pulp that has been treated with sulphur gas. The sulphate is a sort of binder and gives consistency to the pulp proper. The two are mixed on the basis of about four to one.

As indicated, one of the ingredients gives strength and the other bulk to the substance from which the paper is produced. At the Three Rivers mill today there are thousands and thousands of cords of spruce wood in piles ready for winter use. This supply must be in readiness because the extreme cold of the later season makes it impossible to bring in the wood supply.

The Three Rivers mill is said to be the only one using oil

as fuel. A monster storage tank has been erected under ground, the equipment is so arranged that the oil can be brought in ship loads and transferred with a minimum of labor. At this season of the year a sufficient supply is on hand to serve as fuel all thru the winter season. Although the most modern machinery is used in this mill, employment is given to nearly 1,000 people.

In Old Quebec. James M. Murray is the capable superintendent. After the inspection of the mill the newspaper men traveled over the Canadian Pacific to Quebec. There by courtesy of the Canadian Pacific officials, luncheon was served on board the ocean liner "Empress of Britain," a courtesy appreciated. Still later the members of the party were taken to the Shrine of St. Anne and to other places of interest about the historic city of Quebec.

At 7:30 the return journey was begun as passengers on the steamer Quebec. The whole expedition was one the newspaper men will always remember with great pleasure, for Mr. Pearing, the western sales manager, for the International company, together with Messrs. Dunne, Johnson and Fox, representing the company, overlooked nothing in extending courtesy.

The party traveled in luxurious style, the International company having made preparations along the most generous lines. J. L. Berchner as a representative of the Canadian Pacific railroad traveled with the party and accorded the members of the party the most courteous attention.

When it is remembered that this mill at Three Rivers is only one of the great group of twenty-five or thirty that the International Paper company owns it will be understood that the business of the company is conducted on a scale of magnitude. The successful record of the company in the conduct of its great business has been built in large measure on the efficiency and the fairness of the service rendered to its clients.

HOLLER IS FREED ON MURDER CHARGE

Jacksonville Young Man On Trial at Louisville Acquitted By Jury

A telegram from Louisville, Ky., yesterday brought the statement of the acquittal of Harold S. Holler of this city, who was tried for the murder of Frank T. Straley. When the Jacksonville young man was arrested here several months ago he entered an emphatic denial to the charge made. Evidently the state was unable to build a case against him, for after a comparatively brief consideration the jury brought in a verdict of not guilty.

W. H. Holler, father of the young man, and two brothers have been in Louisville for the trial. Holler was arrested by detectives on a statement of a taxicab driver who claimed to have taken Holler to the scene of the murder. Local friends of the young man have all along insisted that he was innocent and they will be gratified to know that he has been exonerated in the court hearing.

HIGH SCHOOL NOTES

Miss Beatrice Horsburgh of the Illinois Woman's College of Music faculty played a number of violin selections for the high school students at the regular assembly hour Thursday morning. Miss Olga Sapio accompanied Miss Horsburgh at the piano and the program which the two musicians gave was enthusiastically received by the students.

A big pep meeting is planned for this afternoon at the close of school hours. The members of the football team will talk and pep for the Jacksonville-Hamilton game to be played here on Saturday will be aroused and the game well advertised.

FAVORITE LODGE K. P.

CONFERRED DEGREES. Last night Favorite Lodge No. 376 Knights of Pythias, held a regular meeting with a very large number present, about 125 answering roll call. The regular business of the lodge was transacted, and the members gave a donation of \$15 to the Social Service League.

As part of the program George Gerlach gave piano solo and the K. of P. quartet sang several excellent selections.

The following men received the rank of page: James F. Shepherd, Edward E. Arenz, Ralph Mitchell, Carl Christison, Henry A. Ricks, Ernest B. Lloyd, Hugh Sutherland and C. E. Hamilton.

Following the business meeting was an oyster supper and radio concert which proved to be very entertaining. It was announced that on November 2nd the lodge rooms will be open to the members and their families. There will be slides shown of the Yellowstone National park. The committee for the program for that evening is L. F. Jordan, J. P. Claus, and J. E. Scott.

MRS. E. E. HAMLIN TALKS TO WOMEN

Discusses Prohibition Enforcement — Says Anti Saloon League Members Will Not Vote On Amendment.

Mrs. E. E. Hamlin of Springfield, representative of the Anti-Saloon League, addressed an audience of women yesterday afternoon at the Central Christian church. Mrs. Hamlin stated in her address that "There is no such thing as personal liberty." She spoke especially on the question of the eighteenth amendment and gave the names of the men of both parties who have been endorsed by the Anti-Saloon League. Mrs. Hamlin is sent out each legislative year to address the people on the matter of law enforcement.

"The eighteenth amendment may be against personal liberty," she said, "but so are the ten commandments. There is no liberty which will not effect the rights of others." Mrs. Hamlin explained that the League was against any modification of the Volstead act. She said that so far as Christian women were concerned there would be no vote at all on the question at the election.

Mrs. Hamlin also quoted the following item which appeared recently in one of the Chicago papers:

"The Anti-Saloon League will call upon its members and all those favoring prohibition to refrain from participating in any way in the vote on light wines and beers this fall at the election. E. Scott McBride, superintendent of the Anti-Saloon League has announced. 'We recommend that all patriotic citizens refrain from participating in any way in the vote on wine and beer; the object of the referendum is not to amend the constitution of the United States but to nullify it. If the patriotic citizens recognize the referendum as a legal process it will contribute to lawlessness,' Mr. McBride said.

An effort is being made to have Mrs. Hamlin return to the city and make an address on Sunday, October 15th but the plans have not been completed, as it is not known whether or not she will be able to come to Jacksonville at that time.

A Woman's Ears

Fashion has decreed of late years that a woman hide her ears. It is not for us to say that this has proved an advantage for some women. It was the fashion anyway.

And now every woman is using her ears to add to her attractiveness and to her beauty, while still keeping them partially concealed.

And Earrings And Then More Earrings

A woman no longer has just one pair of handsome diamond or pearl earrings. To these desirable properties she has added a variety of other stones in many color combinations.

It is not too much to say that a woman may today acquire style through earrings alone.

You should see our newly received novelties in this kind of jewelry.

Beautiful and wonderful and in superb style.

ARMY AIRPLANES MADE TRIP HERE

Pilots Came Thursday From Chanute Field to Boost Recruiting.

To add to the interest in recruiting for the army air service three aeroplanes from the Chanute Field at Rantoul came to Jacksonville yesterday. The big aeroplanes were in charge of Pilots Lundel, Kunkel and Hamilton. They started from Rantoul about 9 o'clock in the morning but did not arrive in Jacksonville until after 11. Difficulty with one of the machines resulted in some delay and a landing was made near New Berlin. At various points in the county posters advertising certain stores were dropped and attracted a great deal of attention as they fluttered thru the air from the great height of the machines. The pilots started on their return trip about 4:30.

GRACE CHURCH W. H. M. S. PLANS GOOD PROGRAM

The regular meeting of the Woman's Home Missionary Society of Grace church will be held on Wednesday, Oct. 18, and at this meeting an especially interesting program will be given. The study of the books this year will be "The Trend of the Races," and "In the Vanguard of a Race." Mrs. J. I. Graham will be in charge of the devotional services. Rev. T. H. Tull will give a review of the life of Booker T. Washington, and Miss Beulah Tull will introduce the book, "The Trend of a Race." Mrs. J. Bart Johnson will sing. At these meetings others than members will be made welcome and all who come to next Wednesday's meeting are asked to bring along an item about Booker T. Washington.

JOHN J. REEVE MADE ADDRESS TO LAW CLASS

At a luncheon in Springfield at which were present more than 200 young men who are to practice law in the state of Illinois, John J. Reeve of this city made an address. Diplomas were presented to the class, which is one of the largest in the history of Illinois, by Chief Justice Floyd E. Thompson. The occasion was made memorable in various ways and Mr. Reeve's address was heard with evident interest.

WILL MEET TODAY. The West Side Art club will meet at 2:30 today at the home of Mrs. Arthur Piles, 129 Chestnut street. All members are requested to be present.

L. A. REED HELD HIS ANNUAL SALE THURSDAY

Well Known Breeder of Duroc Jersey Hogs Disposes of Some Fine Stock—Top Price Was \$137.50.

L. A. Reed held his annual fall boar and gilt sale Thursday afternoon at El Dorado Farm. With favorable weather conditions a large crowd was present.

The offering was characterized as one of the best which Mr. Reed has ever listed for sale. While prices were not so high as in previous sales, it is so far the highest sale of Duroc Jersey hogs sold this year in the state of Illinois. It is a matter of pride to Morgan county and Jacksonville people in general, and to the live stock men of the county in particular, that Lester A. Reed has constructed such a herd of Duroc Jersey hogs that many older live stock men of this and other states come to El Dorado Farm and buy the animals he produces as improvers for their own herds.

The top of the sale was a yearling gilt going to Sheesley Bros. of Orion, Ill., at \$137.50. The total average on the animals catalogued was \$43.60. One of the heaviest buyers at the sale was W. H. Van Meter of Williams-ville, Ill. Mr. Van Meter has been one of the leading breeders of Durocs in Illinois for many years. He took a number of Mr. Reed's offerings.

Col. L. L. Seely of White Hall conducted the sale in his usual snappy manner, assisted by W. R. Clark of Brimfield, Ill., and J. L. Henry, Perry Hanks of New London, Ia., was present, representing the Duroc Bulletin, the breed paper. Mrs. L. A. Reed clerked the sale.

AIR SERVICE MEN AT KIWANIS CLUB

Lieut. McGinnis and Associate Made Interesting Addresses at Thursday Luncheon.

Altho many members of the Kiwanis club are in Decatur for the annual meeting, the regular Thursday luncheon was held at the Peacock Inn, Lloyd S. Reid presided and mass singing was led by Hubert Littler with Willard Wesner as accompanist. Lieut. Harold McGinnis and Lieut. Lunell of the air service of the U. S. army made interesting addresses, especially relating to the work of that department of the army.

The Clinical association was in session yesterday and Dr. C. E. Black and Dr. Brokaw were called upon to tell something with reference to that organization and as to the public health program in Morgan county.

The list of visitors for the day included, in addition to those mentioned, Doctors O'Reilly, Billings, Eckman, Knox, Rembe, Adams, Reid, Ellsworth Black; Lieutenants Kunkel and Hamilton, Sergeant F. C. Holt, Privates D. M. Swisher and J. W. Johnson.

Do not miss the Indian Fete. Come and enjoy the Indian music, interpretative dancing and camp fire refreshments at the Gates Strawn home Monday afternoon 2 to 7. Public cordially invited. Admission, adults 25c, children 10c.

PLACE RADIO SET IN COUNTRY HOME
Mr. and Mrs. Albert Curry of Pisgah have had a radio set installed at their home and have had plenty of music since. The set was installed by the Haas Electric company.
Some of the stations already heard at the Curry home are:
The Kansas City Star, the State prison station at Jefferson, City, Mo., and the St. Louis Post-Dispatch. The Missouri state prison band played "Stars and Stripes Forever," and the music was transmitted with good effect. Several code signals were also picked up.
Mr. and Mrs. Charles Brown of Grace Chapel were doing shopping with local merchants yesterday.

**FIRST FACULTY
CONCERT AT I. W. C.**

Will Be Held Monday Evening
Oct. 16—Mme. Elva Tofft-Col-
ard Will Be Artist

Considerable interest is being
manifested in the first College of
Music Faculty Recital of 1922-23,
which will be given by the new
vocal teacher, Mme. Elva Tofft-
Colard, lyric soprano, in Music
Hall, Monday evening, October
16, 8:15 o'clock.

Mme. Colard is an experienced
artist as well as teacher, having
had many concert appearances in
Denmark, Sweden and France be-
fore coming to America, where
she made her debut in Carnegie
Hall, N. Y., in 1917. She has had
the advantage of much associa-
tion with the northern composers,
Grieg, Sinding and Svendsen.
The Grieg songs which she will
give on her program, she has
sung for the composer with Mme.
Grieg at the piano. A choice pro-
gram of songs from many coun-
tries will be given at Mme. Col-
ard's initial recital to which the
public is cordially invited to at-
tend.

**MISS LAURA BRUNE
WEDS CHICAGO MAN**

Ceremony Was Said at Lutheran
Parsonage In Chicago Wednes-
day Morning—Will Reside In
That City.

The marriage of Miss Laura
Brune of Jacksonville and Her-
bert Seeley of Chicago was solemn-
ized yesterday morning in Chi-
cago. Miss Brune left for Chi-
cago Wednesday evening and the
ceremony took place Thursday
morning at the Lutheran parson-
age in Chicago. Mr. and Mrs.
Seeley will make their home in
Chicago where the groom has an
apartment furnished and await-
ing his bride. Mr. Seeley holds
the position of city salesman with
a wholesale firm in Chicago.

The bride is the daughter of
Mrs. Charlotte Brune of 324 East
North street and has many
friends in Jacksonville. She is a
graduate of the Jacksonville High
School and also took a course at
Brown's Business College. Mrs.
Seeley is also an accomplished
musician having studied piano at
the Conservatory of Music here.
She is a member of the Salem
Lutheran church and was actively
identified with the life of the
church. For a number of years
past Mrs. Seeley has been engag-
ed as a member of the sales force
of F. J. Waddell and company
and her quiet charm and unfail-
ing courtesy have gained for her

many friends. Possessed of a
gentle and lovable disposition,
Mrs. Seeley has endeared herself
not only to the members of her
immediate family but also to a
large circle of friends who will
wish her every happiness and
who will regret that her home
will no longer be in Jacksonville.

**A GOOD SHOWING
FOR JACKSONVILLE**

Copies of the Anthology of
Newspaper Verses for 1921 have
been received in the city, and a
perusal of the book's contents re-
veals that Jacksonville is repre-
sented by three of her poets,
namely Wayne Gard, William A.
Bartlett, Jr., and John Kearns.

Gard is honored by the ap-
pearance of two of his poems,
"Gypsy Girl," and "To a Butcher
Bird," and the Chicago Evening
Post is credited with their pub-
lication. Both poems have since
been reprinted in Jacksonville
papers.

Under the heading of the Jack-
sonville Daily Journal are given
Bartlett's "You and I," and
Kearns' "Moth Mullin." Both
poems appeared about a year ago
in "With Morgan County Poets,"
a column directed by the "Proof-
readers."

The Anthology is a yearly col-
lection of verses which obtain
their first publication in news-
papers, not in books and maga-
zines, and judged worthy of
preservation by the compiler. It
is published yearly at Enid, Ok-
lahoma, by Dr. Frank P. Davis.
The present volume contains 156
poems, by 127 authors, out of 76
different newspapers from Maine
to California.

Last year Jacksonville was rep-
resented by one poet, this year by
three. The index contains a fine
tribute to Wayne Gard, as fol-
lows:

"Sanford Wayne Gard was
born at Brocton, Ill., 1899. He is
a writer of note and is interested
in nature, literature, and photog-
raphy. At present is teaching in
the Cushing High School, Ran-
goon, Burma. He was educated
at Jacksonville, (Ill.), High
School and Illinois College,
(A. B.), Home, Jacksonville, Illi-
nois."

**FIRE HAZARDS OF THE
FUEL SHORTAGE**
Much soft coal is being stored
in the basements of dwellings,
apartment houses and mercantile

buildings and on the premises of
factories. Spontaneous combus-
tion in this is likely to start fires,
and great care should be shown
in the selection of coal and in its
storage and use.

The large amount of soot de-
posited by soft coal is apt to clog
the smoke pipes and chimneys
and cause forcing of the furnaces,
while the fumes and gases from
soft coal will have a deteriorating
effect upon the mortar in chim-
neys and thus lead to defective
flue fires.

A number of householders are
investigating the possibility of us-
ing fuel oil and kerosene burners
in their furnaces, because of the
difficulty in securing hard coal
and their unwillingness to use
soft coal because of the dirt and
soot. This also will introduce
serious fire hazards, because of
the storage of oil on the premises,
and the danger of feed pipes
bursting and starting fires. No
such appliance should be consid-
ered without ascertaining
whether it complies with the un-
derwriters' requirements.

Fire hazards which endanger
the homes should be watched
with special care, as the mothers
and children run the greatest
risk. All heating appliances
should be installed and operated
with constant attention to the un-
usual risks due to the changes in
fuel, as well as to their ordinary
dangers. Careful inspection
should be made of all stoves,
furnaces and flues before using
them in the fall.

H. J. RODGERS WILL DIRECT ROLL CALL

Annual Red Cross Roll Call to be in His Charge—Is Planning an Extensive Campaign.

H. J. Rodgers has been appointed as director of the annual Red Cross roll call in Jacksonville and Morgan county. The roll call will begin on November 11, Armistice Day and will continue through November 20. This is the annual national roll call and will be conducted all over the United States.

Mr. Rodgers is planning an extensive campaign thruout the city and county. The drive is for membership in the Red Cross and everyone who has previously been a member will be asked to renew his membership. Others will also be urged to join the organization and it is expected that the Red Cross membership in Morgan

county will be larger than in previous years.

HOW TO REMOVE SOOT.

The federal fuel administration board's suggestions for removing soot deposited on heating surfaces by soft coal is as follows:

The fire is put into good condition with a substantial body of hot fuel. Common salt, thoroly dried, is then thrown or sprinkled onto the incandescent fuel bed in a quantity depending entirely on the size of the furnace. In the case of a house-heating furnace, one pound at a time is ample; in the case of a larger power plant boiler, four or five scoops full may be required. The dampers are kept open so as to maintain the furnace temperature and the salt is allowed to remain until the fumes have entirely disappeared.

Immediately upon charging the salt, the furnace becomes filled with dense white fumes which may require as much as half an hour to entirely disappear. If results are not secured on the first application, it should be repeated as many times as necessary. Once the heating surface is thoroly cleaned a small applica-

tion every few days is usually sufficient to keep it so.

Every person using soft coal is urged by the administration to use this remarkably simple and cheap process for getting rid of the soot, cleaning and heating surfaces of boilers, thus saving large amounts of coal, preventing fires from chimneys, and generally conserving all along the lines of heating and the production of power.

OBITUARY.

Thomas Hyatt was born July
19, 1844, near Nineveh, Greene
county, Pa. When he was 10
years of age he came with his par-
ents, Samuel and Sarah Hyatt to
Naples, Ill. The trip was made
by steamboat.

The family settled at Exeter,
Scott county and in 1858 they
moved to Morgan county. Shortly
after the outbreak of the civil
war Mr. Hyatt enlisted February
14, 1862. He was in the 27th
Illinois Infantry company B, and
was mustered out March 2, 1865.
Altho Mr. Hyatt was in 21 battles
and was wounded twice his life
was providentially spared.

He was united in marriage to
Sarah A. Williams, March 18,
1865, eight children blessed this
union.

The deceased was many years
an active member of the Christian
church in Meredosia. He for
some time had been in failing
health, his last illness was brief,
the end coming at 1:30 a. m., Oc-
tober 6, 1922.

Those who survive are four
daughters, Mrs. Evelyn Hyde and
Mrs. Grace Bardick of Meredo-
sia, Mrs. Mattie Washburn of Al-
bia, Iowa, Mrs. Mabel Wilson of
Collins, Iowa, two sons, William
of Meredosia and Thomas Clayton
of Sabota, Iowa, four brothers,
Samuel of Pekin, Ill., Henry and
Charles of Naples, and Andrew of
Albia, Iowa. Besides these there
are 12 grand children and 8
great grand children. His wife
and two children having preceded
him in death several years ago.

OBITUARY.

William Boyd, son of Catherine
and Dutton Boyd, was born at
Meredosia February 22, 1856,
and departed this life at the home
of his daughter, Mrs. S. J. Saw-
yers of Bluffs Thursday, Octo-
ber, 1922, at the age of 65 years,
7 months and 13 days.

In 1880 he was united in mar-
riage to Miss Margaret Pullin of
Naples. To this union six chil-
dren were born, two having pre-
ceded him in death. Those sur-
viving are Mrs. S. J. Sawyers of
Bluffs, James and Wilbur, both of
Meredosia, and Lewis of Kamps-
ville. Also four grand children,
two sisters, Mrs. Mollie Wackerle
and Mrs. Belle Ashford of Peoria
and one brother, James Boyd of
Baylis and a host of relatives and
friends to mourn his loss.

Mr. Boyd was stricken with
paralysis September 18, and all
that loving and faithful daughter
and friends could do availed
nothing and after three weeks of
suffering he passed away. Inter-
ment was in Oakland cemetery at
Meredosia Sunday afternoon.

MANY IOWA ALUMNI TO SEE GAME AT YALE

NEW YORK, Oct. 12.—One thousand alumni of Iowa and other universities of the western conference will attend the Iowa-Yale football game at New Haven Saturday in a special section that has been reserved in the bowl. They will leave New York on special sections of the regular trains Saturday morning.

To enable Iowa players to catch a 10 o'clock train from New Haven that will return them to Iowa City Monday morning the time of the game has been advanced from 3 o'clock to 2:30 it was announced today.

The Iowans desire to get home in time to recuperate for their conference contest with Illinois at Urbana, Ill., the following Saturday.

A veteran cheer leader from Iowa will accompany the alumni from New York and then return with the team whose route was arranged to avoid New York City.

Dr. C. W. Dales and wife of Seattle, Wash., were tourist visitors in Jacksonville yesterday. They were enroute to Boston.

Mrs. Lloyd Cromwell of the Salem neighborhood was a visitor to the city Thursday.

WHITE SOX EVENED UP SERIES WITH CUBS

Grover Alexander Was Opposed By Rookie "Dixie" Leverette Who Held His Own Until the Sixth When He Weakened—Hooper Was the Battling Hero of the Game.

Chicago, Oct. 12.—The White Sox evened up the series with the Cubs today by taking a pitchers' battle 4 to 3. Each club now has won two games.

The veteran Grover Alexander was opposed by the rookie, "Dixie" Leverette and more than held his own, until the sixth inning when he began to weaken.

The Sox then started their uphill fight and at the end of the seventh had tied their rivals. Alexander then tightened up and looked like extra innings until Hooper uncorked a line drive to right which was good for two bases. Collins outmowed Hooper to third and Sheely shot a hot grounder over third base which sent Hooper home with the winning run.

Leverette held his opponents to seven hits three of which were made by Stutz while the Sox touched Alexander for ten safeties. Hooper making three, and Collins and Sheely two each.

WANT DEMPSEY TO FIGHT IN FRANCE

PARIS, Oct. 12.—(By The Associated Press.)—French boxing promoters are maneuvering to bring Jack Dempsey, world's heavyweight champion here for a battle with Battling Siki, Senegalese conqueror of Georges Carpentier, in December.

In sporting circles, it is reported that directors of the New Buffalo Velodrome, where Carpentier's eclipse occurred, have made overtures to Jack Kearns, Dempsey's manager, for such a contest.

Amounts varying between 1,000,000 and 1,500,000 francs have been mentioned as Dempsey's end of the purse. The seating capacity of the arena is 65,000 and the promoters opine that with the American as the attraction they may be bold enough to ask 100 francs each for 1,000 inside seats and dispose of the lowest valued seats at 20 francs.

Heretofore no French promoter has dared to ask more than 200 francs for ringside seats and at the Carpentier-Siki battle thousands of seats were obtained for as low as seven francs. If the bout is arranged for December, it would be held in the open air as the promoters declare that weather reports show that December would be a better month to engage in outdoor sports than November would be.

BECKETT KAYOS FRANK MORAN

LONDON, Oct. 12.—(By The Associated Press.)—Joe Beckett the British heavy weight pugilist scored a technical knockout over Frank Moran, the American heavy weight, when the referee stopped their bout in the seventh round at Albert Hall here tonight.

In another contest Jack Bloomfield, British light heavyweight champion, stopped Bombardier Wells of England in the sixth round.

OGDEN HOLDS SAINTS TO TWO HITS; SCORE 5-1

St. Paul, Oct. 12.—Jack Ogden hurled superb ball for the Baltimore Orioles today letting down St. Paul with two hits and the International League champions climbed to within one victory of the minor league title defeating the Saints 5 to 1.

Today's victory gave the Orioles four games to the Saints one "little world series."

The sixth game is scheduled for Saturday, both teams wishing to take an off day on Friday, the 13th. A Baltimore win Saturday will give them the series.

WHY STAY FAT?

YOU CAN REDUCE
The answer of most fat people is that it is too hard, too trouble-some and too dangerous to force the weight down. Marmola Pre-scription Tablets overcome all these difficulties. They are abso-lutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A case is sold at one dollar by all druggists the world over, or send the price direct to the Marmola Co., 1612 Woodward Ave., Detroit, Mich. Now that you know this, you have no excuse for being fat, but can reduce steadily and easily without going through long sieges of tiresome exercises and starva-tion, diet or fear of bad effects.

IN HARD LINES

"I could not work at all and had to take to my bed with a high fever due to intestinal indiges-tion," gases in my stomach and pain in my right side. I had spent my last cent for doctors and medi-cine, which gave me no relief. I was in despair. A lodge brother gave me a bottle of Mayr's Won-derful Remedy, and the first dose relieved me. Thanks to this medicine I am now in the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intes-tinal tract and allays the inflam-mation, which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.

WOMEN AND MEDICINE

In Europe, years ago, a woman named Hildegrade wrote a no-table book on medicinal plants. In those days the men were too busy bothering about dogmas of re-ligion and medicine, and the study of herbs was thought be-neath their notice.

It was the women, however, who mostly conducted the hospi-tals and cared for the sick, and thus they learned much of great value. They let the men fight out the questions of theories.
Lydia E. Pinkham's Vegetable Compound, prepared almost fifty years ago by a woman, Lydia E. Pinkham did then, and does now, relieve the ailments peculiar to women. It is a vegetable com-pound of great value for this purpose. This is proven day after day, and in your own neighbor-hood, by grateful women who have used it.

LITERBERRY SOCIETY PLANS OPEN MEETING

M. E. Church Society Makes Plans for Annual Open Meeting Next Month—Regular Session Held Wednesday Afternoon.

LITERBERRY, Oct. 12.—The Literberry M. E. society met on Wednesday with Mrs. J. S. McPhallen sixteen members were present and eight visitors. The afternoon was spent in folding surgical gauze for the Passavant hospital and 743 pieces were made.

Plans were made for this society to hold an open meeting on the second Wednesday of November at the home of Mrs. Flora Nichols in Arcadia. This meeting will be in the evening. The committee on menu includes:
Chickens, Mrs. Levi Deatherage and Mrs. J. C. McPhallen.
Potatoes, Mrs. Mary Rudall and Mrs. Rebecca Neal.
Oysters, Mrs. Rolf.
Cake and cream, Mrs. Josie Obermeyer and Mrs. Mabel Clark.
Salads and pickles, Mrs. Clarence Thompson.
Oversee dining room, Mrs. Cora Goodpasture.
Program committee, Mrs. Rolf, Mrs. Lena Thompson, Mrs. Mabel Clark, Mrs. Mary Dinwiddie, Mrs. Ruth Deatherage, Mrs. Al Dunlap president, and all round assistant and overseer. Refreshments of the best were served after the meeting closed.

There present was a good offering. Those from a distance were Mrs. M. M. Crum, Mrs. Albert Crum, Mrs. John Berry and Mrs. Elizabeth Martin of Jacksonville, and Mrs. Elsie Hale of Grace Chapel.
Mrs. Mary Beavers is on the sick list.

Mt. Emory Baptist church tag day, Saturday, Oct. 14.

FORMER I. W. C. GIRL MARRIED

Friends at Illinois Woman's college have received word of the marriage of Miss Leona Mae Switzer, of Laramie, Wyo., to Jack Robert Gage on Friday, September 29. Mrs. Gage is the daughter of Mr. and Mrs. Charles E. Switzer of Laramie and received a certificate in physical education from Illinois Woman's college in 1921. Mr. and Mrs. Gage will make their home at 1020 Grand avenue, Laramie, Wyoming.

MEETING OF BOYS AND GIRLS SATURDAY

The boys and girls who have completed their work in the various club projects sponsored by the Farm Bureau are asked to bring their record books to the Farm Bureau office on Saturday and discuss plans for an achievement day. Those who complete the projects according to the rule will get an achievement pin in addition to whatever premiums they received at the fair.

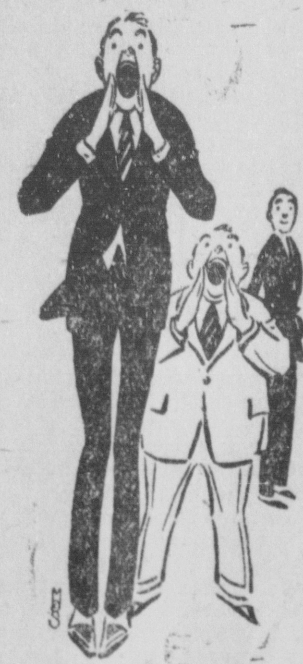

The institute in the Ashbury neighborhood will be held at the Ashbury church. The program will be practically the same as that to be given at Waverly the day before, with the exception of possible local features which will be added.

This store has been steadfast in upholding its avowed policy of being the leader in its line in value giving. We firmly believe that we were instrumental in first turning down prices on war time stocks in Jacksonville and in keeping them down.

Now, at a time when investigation will prove cotton, wool, leather, etc., are much higher than at the low market levels of last year, we are offering you for a limited time, even lower prices.

This is made possible only because of an advantageous purchase. Comparisons of the values quoted herein with prices outside this store will conclusively convince you that this is indeed a sale of genuine reductions in prices by "The Store That Undersells Them All."
